

**Baptist Youth Ministries (NSW&ACT) Global Impact Project 2006**

## **Total Life Care Malawi**

Over the past two years **BYM (NSW&ACT)** have been donating 20% of their surplus funds from their events and activities to the development work of **Baptist World Aid Australia**. The focus for this support in 2006 is the **Total Life Care (TLC)** project in **Malawi**, Africa. This project is the result of a strong partnership between Baptist World Aid Australia and Global interAction.

The support from BYM (NSW&ACT) will help TLC Malawi achieve their program goal of reducing poverty and empowering communities. Two primary activities are underway to achieve this goal:

- increasing the food security of 1800 households through education and training in improved agricultural techniques; and
- supporting people living with HIV/AIDS through care for orphans and food relief.

Be assured that the support of Baptist Youth Ministries (NSW&ACT), as well as the young people that are part of this exciting movement, will make a huge impact of the lives of many people living in poverty in Malawi.

**Thank you BYM (NSW&ACT) for your generosity and commitment to care and serve like Jesus!**
